Re: Comprehensive Plan Programs

At this point the Draft Comprehensive plan has been posted for public review on our website, we have posted on our facebook page that the plan is available for review and comment on the website with a hard copy available in the office. I have also reached out to the South Whidbey Record and notified them of the plan being available. A segment on the plan being available should be in the paper in their notes section sometime soon.

We did receive comments on the plan from the Port of South Whidbey and those comments/corrections have been incorporated into the current draft of the plan.
