

Memo

To: Board of Commissioners
From: Doug Coutts, Director
Date: 11/9/2017
Re: Comprehensive Plan Programs

I have made some minor revisions to the Comprehensive plan and Tom and I continue to work on pricing the additional items we have added to the list in the Capital Program. We will review these with the Commissioners at the board meeting. The current version of both of these documents is included in your board packet. I would like to discuss assigning each of these Capital items to a specific year during the term of our Comprehensive plan for Grant Application processes or indicating it is beyond the term of the plan.

Matt will also present information on our strategy for the grant programs in our Comprehensive plan agenda item for this meeting.
