

Memo

To: Board of Commissioners
From: Doug Coutts, Director
Date: 5/11/2018
Re: Administrative Office security-update

I have met with Larry Van Horn the Facilities Director for the county and we are looking at a couple of options for security improvements to the administrative building. We have received quotes from Whidbey Telecom for panic buttons and camera systems. I have another meeting scheduled to talk with Mr. Van Horn for Thursday May 10th in the afternoon to review these quotes and discuss process.

An update will occur at the board meeting.
