

Memo

To: Board of Commissioners
From: Doug Coutts, Director
Date: 5/11/2018
Re: Projects Workshop-June

We had initially scheduled a projects workshop for May but with the difficulty scheduling a meeting the past couple of months with maintaining quorum, we have limited what we have discussed. May has turned into a catch up meeting and I wanted to get information out to the commissioners with a project proposal form so commissioners could also provide project ideas for our workshop. Brief discussion on this item this month with a workshop next month.
