

Memo

To: Board of Commissioners
From: Doug Coutts, Director
Date: 6/15/2018
Re: 2019 Levy Planning

Included in your board packet documents is a draft of the Informational flyer on the 2019 Levy for the August 7 ballot. The dates and locations for the Open House events are not final at this point. Additionally, we need to decide if the information should be mailed out to the constituents, I am looking into the cost for this at the moment. We can finalize those items and this information is ready to be circulated.

Additionally, we will need to plan for a resolution to be on file with the county at our July meeting in the event that for some reason the levy fails in August. Due date for the November ballot is August 7th so we will have to have a conditional resolution in place.
