

Memo

To: Board of Commissioners
From: Doug Coutts, Director
Date: 6/15/2018
Re: Comprehensive Plan Programs

The main focus in Comprehensive Plan Programs is obviously the Grant Applications. Four different grants were submitted for the two different projects we targeted on April 30th. We have made the initial presentations to the RCO review committees for technical review. We are currently working on revising the projects and the presentations for final review. We have already met with the Campground phase 2 committee on some modifications to the proposal and will meet with the Property Acquisition committee Late Thursday. More on the plans for both of these projects at the meeting.
