Triathlon Statistics

- Number Registered 308
- No-Shows 48 (16%)
- Number of teams 19
- Cities & Countries Netherlands, Canada, US
- Male:Female Ratio of sign-ups 46 to 54
- Percentage from South Whidbey 12%
- Percentage from Whidbey Island 18%
- Oldest 77
- Youngest 12
- Percentage 1st tri ever. 33%
- Number on the waitlist 36+

Facilities and Grounds

- The triathlon went off without a hitch with the change in transition and my crew doing the park setup, other than being down a man. Austin and I are doing the best we can to get through this summer and dry spell.
- We just aerated and topdressed the upper sports field and will have it closed until we see the numbers of soccer teams and dates for games to begin.
- Coed softball will be wrapping up soon which will allow us to do some needed maintenance on infield 2 as we enter fall.

Director's Items

Levy Open Houses were completed with only one person attending, it seems from the results that this was because of the incredible support we have in the community. No one had questions and as I write this, the levy has a 74.7% approval rate. Congratulations!

Powerpoint presentations for the Grant applications have been updated and are in final review by the presenters (Mark and Dennis) before submittal to the WWRP. I will be headed down to Olympia on Sunday to start review of the projects. This means I will be calling in for the Board meeting on Wednesday so we have abbreviated the agenda to facilitate the process.

Once I am back I will look to set up meetings with the Interlocal Committee on the Interlocal agreement and the Trails committee on creating a trail management plan for the District and reviewing the proposed projects for trails for the winter so we can look at public meetings and other procedural items as needed.

Upcoming Events

- 10-Aug Skim Skool
- 10-Aug Open House at South Whidbey Community Center (Pickleball)
