

# Memo

**To:** Board of Commissioners  
**From:** Doug Coutts, Director  
**Date:** 9/14/2018  
**Re:** Comprehensive Plan Programs

---

Our Grant applications are through the review process and as stated in earlier emails, the probability, dependent upon funding levels, for each of the grants is as follows:

WWRP-Local Parks

Waterman Property Acquisition-Likely

Campground Phase 2 development-Doubtful

LWCF

Waterman Property Acquisition-Possible

Campground Phase 2 development-Doubtful

More detail on these results is included in the board packet and will be discussed at the meeting.

Additionally, We are in the final stages of the first billing for the WWRP-Local Parks grant for phase one of the Campground and hope to have the first billing completed and reimbursement of around \$207,000 for the initial purchase very soon.
