To whom it may concern,

For well over 20 years, the Island County Amateur Radio Club has provided communications support for the Whidbey Triathlon. To maintain our communication skills to support this event and other events on the island, the club participates in a national field exercise each June, called Field Day. This event takes place on June 22 and 23 in 2019 with setup on June 21. In the past, including last year, we have held this event on the Upper Soccer Field at South Whidbey Community Park. We request permission to use the facility from approximately 10:00 am on Friday, June 21, to 2:00pm on Sunday, June 23 for this event. We have had an excellent relationship with the groundskeepers at the park.

If you would like more detail about our organization or the event, we can provide a club representative to speak to the Board. See my contact information below.

Thank you for your consideration of this matter.
