Hi Doug...Here is my proposal for providing one portal sign to the installation site.  
Sign will be of similar design to match the South Whidbey Elementary School trail entry portals on adjacent property.  
Work can be completed in two weeks from your direction to proceed.  
Materials and labor: \$200

Sounds good, Thanks Gordy, I will run this by the board next week.  
Also checking with the school district.

I will let you know.

Doug
