

Memo

To: Board of Commissioners
From: Doug Coutts, Director
Date: 7/16/2021
Re: Community Park Picnic Shelter Plans-Discussion

In our budget for this year, we have allocated \$26,000 to the construction of an additional picnic shelter by Castle Playground. Staff has marked out a possible shelter location and size based on plans we had for the construction of the Shelter at Trustland Trails. These plans are available for anyone to review in the office. Most Commissioners have visited the site and talked to staff about the concept for the shelter. Staff is asking for approval of the location and design of the shelter to move forward with permitting and bidding.

Included in the board packet is a map of the proposed locations and photos of the Shelter at Trustland Trails that was built using the same design.

Staff recommends approval.
