Terry,

Appreciate you including me in the email stream here. All requests for School items need to come from the Paul as the AD. I consider all requests for school district usage once I receive them from his office.

Regards,

Doug Coutts, CPRP (He/Him)  
Executive Director  
South Whidbey Parks and Recreation District

Dear Doug, a plan that can satisfy both our concerns (1. SW girls getting to play a friendly on a lined soccer field at their public park and 2. your concern that the lined field might draw soccer players to play on it after we use it) is to line the upper field (above Castle Park). After we complete our game you can lock up goals again so that soccer players will not be attracted to the play there. It is a win-win situation.

Thank you for your consideration to our request.

Sincerely,  
Terry

Dear Doug, we did look into that option, but large areas of the field are not being watered and are dead. Paul and I discussed it and thought that we should request to use the public park fields. It would not be a good idea to play on the stadium field. It will need watering and time to grow prior to start of the fall season when being fully used by HS soccer and football. The HS stadium field should not be use now, especially when we have 4 full-sized public park fields that are better suited for the needs of our South Whidbey girls to play a friendly with our neighboring community to the north.

Sincerely,  
Terry

Good morning,

My suggestion would be to line this and play this at the High School Stadium field. We have not had game fields painted in the park outside of regular season play as they end up becoming a target for all groups including pick up games, to play on the "field". Please look into this option.

Regards,

Doug Coutts, CPRP (He/Him)

**Subject:** Playing on Friendly game on or practice field at the Langley Road complex

Dear Paul:

Just following up on my text and phone conversation with you on Monday, July 12th. We are playing one friendly game against Anacortes High School on Tuesday, July 20th from 6:00 - 8:00 pm, our usual practice time. Anacortes hosted us this week and we would like to return the favor. Both JV and Varsity play shortened 1 hour games. **I request permission to line one full-sized field to play this friendly.** We have our environmentally approved white paint consistent with the SWYSC Club paint. I have cc'd Doug on this email, as I am not sure if you are traveling and I

wanted SWPR to have sufficient time to process this request. We would use the two full-sized goals already set up on the field for our JV/Varsity combined practices.

I would appreciate it if I could be informed when mowing occurs so that we paint the field after the mowing and not impede planned work. Thank you in advance for considering my request.

Sincerely,

Terry Swanson, Head Coach SWHS Girls Soccer

Cc. Doug Coutts, Director SWPR, Anne Haines, Assistant Coach SWHS Girls Soccer
