From: Doug Coutts, Director
Date: 4/13/22
Re: VII-a-Freeland Hall Opportunity-Discussion

I have been approached by Island County staff regarding Freeland Hall. The county is currently looking to divest themselves of Freeland Hall completely. I have just had initial discussions with County staff, and we are planning a site visit early next week to gather more information on site conditions and possibilities prior to our meeting next week. More information on this as discussions progress, but this will be a discussion item on the meeting agenda.
