

# Memo

**To:** Board of Commissioners  
**From:** Doug Coutts, Director  
**Date:** 5/10/22  
**Re:** VI-b-Freeland Hall Opportunity-Discussion

---

After last month's meeting, and with the story in the newspaper on the possibility of us getting Freeland Hall from the county, the situation seems a lot more complex than we anticipated. At this point, staff would recommend that we address with the county that until such a time as the situation with the Holmes Harbor Activity Club and the County has been resolved, we are not willing to proceed. If that situation is resolved, we would be interested in continuing discussion.
