

# Memo

**To:** Board of Commissioners  
**From:** Doug Coutts, Director  
**Date:** 7/14/22  
**Re:** VII-b-Well Decommissioning-SWSMP-Quotes

---

In the process of getting our SWSMP approved by the state, we need to decommission the abandoned well #3 in Community Park. I have solicited quotes for this process and currently received two quotes, waiting on a third. All quotes received will be presented at the board meeting for review/approval.

This is an item that was not included in our annual budget but is a necessary item for proceeding with any expansion of the park including the campground and the pool.
