

# Memo

**To:** Board of Commissioners  
**From:** Doug Coutts, Director  
**Date:** 11/8/2022  
**Re:** Comprehensive Plan Programs

---

## **Tennis Center-Proposal**

Matt received the included Tennis Center facility concept that aligns with the Comprehensive Plan. This is a discussion item for this meeting.

## **Aquatic Wellness Center**

The Joint Pool Committee will be meeting on Tuesday, November 15<sup>th</sup> to discuss the facility scope and look at some ideas for the facility going forward. We have begun discussions with ARC on the Contractual document for the design and have received an initial proposal document from them. The Joint Pool Committee will be meeting on Tuesday the 15<sup>th</sup> to discuss it and it is included in your board packet. I have also received a draft PowerPoint from the Foundation for community presentations which the Committee will review as well and I will bring an updated version to the board meeting. In the process to release the \$400,000 budget allocation, I have sent out letters to the Tribes that have indicated regional claims to the property in Community Park to comment on the Pool Project. Sent in a form to the Department of Archaeology and Historical Preservation and received a determination of "No Cultural Resources Impact".

## **Campground**

Worked with the RCO to get another extension (Final one) for the Campground Project until the end of 2023. We have the septic sites for the Campground located and Onsite Septic systems is contacting the county and will work with us for the site registration they need.
