

# Memo

**To:** Board of Commissioners  
**From:** Skye Dunn, Recreation Supervisor  
**Date:** 11/09/2022  
**Re:** Fields Update

---

I have reached out to the South Whidbey Youth Soccer Club (SWYSC) to schedule a meeting in the weeks ahead to work on a plan that will meet the scheduling requirements and expectations that we'd communicated to SWYSC in the Fall. The goal of the requirements is to help spread out usage and alleviate congestion by expanding the hours and days that practices are offered. SWYSC communicated that they will be discussing at their upcoming board meeting and will respond with an update in the week ahead.
