

Memo

To: Board of Commissioners
From: Carrie Monforte
Date: 3/13/2023
Re: Bond Issue November Ballot

This agenda item has been added for the discussion of putting a bond on the November ballot for funding the construction of the South Whidbey Aquatic Wellness Center.

Jim Nelson of D.A. Davidson & Co. will attend the meeting and provide a presentation to give insight into the bond ballot process, factual levy info, maximum levy amounts and more.

A voter education timeline has been added to the board packet.

At this time, direction may be given to begin the voter education process but a formal resolution to put the bond on the ballot would be prepared at a later date for board approval.
