**Re:** Committee Reports

---

While we are in this significant period of transition, the Board of Commissioners have been busy and hands-on, keeping the District and our various projects moving forward. I've suggested that, at least while we are without an Executive Director, we incorporate "Committee Reports" into the regular board meetings. This will enable the individuals who are closest to the information to update the rest of the board. "Nothing to report" is a fine report if it applies.

We can discuss whether to proceed with this for future board meetings, and how to implement it.
