Re: "For" and "Against" Committee Appointments

This item is to discuss the required "For" and "Against" committee appointments sheet for the South Whidbey Aquatics Recreation Center November 2023 bond. The blank committee appointment sheet is in your board packet and will be updated prior to the meeting. We have had individuals step forward for the "For" side, but don't have confirmation yet of an "Against" committee. I'm not sure what occurs if a "Against" committee presents itself after this board meeting.

This item is an action item.
